Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Journey Phase	Stage 1: Customer Interaction	Stage 2: Order Placement	Stage 3: Order Confirmation & Follow-up
Actions	Customer provides details and interacts with the business.	Customer places an Online or Walk-In Order.	Customer receives order confirmation and follows up regarding the order.
Touchpoint	Customer Account and business interaction.	Online Orders / Walk-In Orders and order details.	Email Template, Email Alert and customer communication.
Customer Thought	"I want my details to be recorded correctly."	"I want my order to be processed correctly."	"I want confirmation and updates about my order."
Customer Feeling	Comfortable but expects proper handling of information.	Concerned about correct order processing.	Confident when the order information and communication are clear.
Process Ownership	Customer Account management.	Order management through Online Orders and Walk-In Orders.	Email automation and customer communication.
Opportunities	Maintain organized customer information using Salesforce CRM.	Use separate page layouts and record types for Online and Walk-In Orders.	Use Email Templates, Email Alerts and automation to improve customer
